Descriptive Summary

Repository: Arnold Arboretum, Jamaica Plain, MA 02130
Call No.: I G-8 Trams
Location: Archives
Title: Electric Trams records, 1979-1981
Date(s): 1979-1981
Creator: Peter Ashton, Director and Wendy Marks, Manager of Public Services
Quantity: 3 linear inches
Language of material: English
Abstract: Electric Trams records was compiled by Peter Ashton, Director of the Arboretum and Wendy Marks, Manager of Public Services. The collection documents their efforts to implement an electric tram system at the Arboretum, and contains correspondence, photographs, and schematic drawings as well as materials promoting electric transportation. The Arboretum received five trams and three trailers as a donation from the St. Joe Lead Company of New York in 1980, but an assortment of mechanical problems and the constant necessity for new batteries brought an end to the project within one year. The materials in this collection span 1979-1981.
Note: Access to Finding Aid record in Hollis Classic or Hollis.
Preferred Citation: Electric Trams records. Archives of the Arnold Arboretum of Harvard University.
Additional Material: More Wendy Marks correspondence may be available in the Arnold Arboretum Correspondence Database.

Processing Information

Acquisition Information
Provenance: This collection was transferred from the Arnold Arboretum’s departmental holdings to the Arboretum’s Archives in 1984.
Terms of Access
Researchers seeking to examine archival materials are strongly encouraged to make an appointment. The Director, or an office of origin, may place restrictions on the use of some or all of its records. The extent and length of the restriction will be determined by the Director, office of origin, and the Archivist.

Terms of Use
The copyright is held by The President and Fellows of Harvard College for the Arnold Arboretum Archives of Harvard University. The copyright on some materials in the collection may be held by the original author or the author's heirs or assigns. Researchers are responsible for obtaining written permission from the holder(s) of copyright and the Arnold Arboretum Archives prior to publishing any quotations or images from materials in this collection.

Photocopies may be made at the discretion of the Arnold Arboretum Archives staff. Permission to make photocopies does not constitute permission to reproduce or publish materials outside the bounds of the fair use guidelines.

Historical Note

In January, 1980 Arboretum Director Peter Ashton received a letter from Richard Jordan, Vice President of New York’s St. Joe Lead Company. Jordan offered the Arboretum a gift of five electric trams and three trailers that were powered by the company’s lead batteries.

These same vehicles had spent the previous three years in St. Louis, Missouri where they transported shoppers at no cost as part of a downtown revitalization effort by the non-profit Future Transportation Models, Inc. (FTM). The trams were manufactured by Pargo, Inc. and purchased through Centron Systems, Inc., a St. Louis dealer of electric vehicles. The St. Louis project was the first privately-funded electric shuttle system in the United States. FTM was hired as a consultant when St. Joe Lead Company purchased the trams and donated them to the Arboretum in April, 1980. ¹

¹ Tram tour at the Arboretum. N. LeMay, photographer. [circa June, 1980]
Peter Ashton tasked Manager of Public Services Wendy Marks with managing implementation of the shuttle system at the Arboretum. She decided to run 30-minute tours along a 1.5 mile route on weekends and one weekday. The tour was narrated by a recorded transcript written by Gary Koller. The fee for the tour was $1 for adults and 50 cents for seniors and children. All of the details were settled, and the trams made their public debut on Lilac Sunday, May 18, 1980. The system was well-received by visitors, but the trams had mechanical issues immediately. By the end of the day on Lilac Sunday, Marks had a list of malfunctions including loss of power and loss of brakes.

Over the next year Marks and the Arboretum staff struggled to make the shuttle system work at the Arboretum. Each tram operated on two electric motors powered by 12, 6-volt lead batteries. Unexpected costs included specialized tools, equipment, and hundreds of batteries which had to be replaced more often than predicted.

The staff worked hard to address the failings of the system and re-introduced the trams the following month, June, 1980. Marks reached out to dozens of companies for donations to keep the program alive, but lack of funding led to an end to the program the same year. The trams were donated to the Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA) Macomber Farm the following summer of July, 1981.

Scope and Content
The Records of Electric Trams, 1979-1981 collection documents the planning, implementation, and failure of the electric tram system at the Arboretum. The bulk of the collection consists of correspondence between Peter Ashton, Director, Wendy Marks, Manager of Public Services, electric transportation consultants, and companies in the electric transportation industry. There is also correspondence with Harvard administration and among the Arboretum staff, and with Macomber Farm, which acquired the trams in 1981. The collection also includes promotional materials for electric transportation, schematic drawings, maintenance schedules, tram drivers’ reports, and photographs. The items in this collection span 1979 through the donation of the vehicles to Macomber Farm in 1981.

Arrangement
The Records of Electric Trams, 1979-1981 collection contains only one series with four folders. Within folders, items are arranged chronologically.

Container List
Box 1
Series 1
Folder 1: Project Planning and Tram Delivery

- Promotional flyer for trams powered by lead-acid batteries at the Missouri Botanical Garden. St. Joe Lead Company. [circa 1979]

---

4 Promotional flyer for trams powered by lead-acid batteries at the Missouri Botanical Garden. St. Joe Lead Company. [circa 1979]
• Promotional flyer for Pargo trams. [circa 1979]
• Promotional brochure for electric transportation: “Anticipate the Future”. Future Transportation Models of St. Louis, Inc. [circa 1979]
• Promotional flyer for electric transportation. Union Electric, St. Joe Lead Company, and Centron Systems, Inc. [circa 1979]
• Cost estimate for five electric trams and three trailers. Centron Systems, Inc. August 7, 1979
• Peter Ashton to Richard Jordan, Vice President, St. Joe Lead Company regarding possible donation of five trams and three trailers. January 10, 1980
• Peter Ashton to James Sharaf, General Counsel, Harvard University regarding regulations for the operation of electric vehicles. January 21, 1980
  • Annemarie Thomas-Esposito, Manager of Insurance, Harvard University to Dorothea Talbot, Secretary to the Director regarding insurance for trams and their drivers. January 10, 1980
  • Roger Moore, Attorney, Ropes & Gray to Richard Olendzki, Harvard Medical School regarding Harvard Medical School shuttle service regulations. May 10, 1975

---

5 Promotional flyer for Pargo trams. [circa 1979]

6 Promotional brochure for electric transportation: “Anticipate the Future”. Future Transportation Models of St. Louis, Inc. [circa 1979]
Tom Wheatley, Ropes & Gray to Mr. [Roger] Moore, [Attorney, Ropes & Gray] regarding Harvard Medical School shuttle service regulations. May 7, 1975

Roger Moore, Attorney, Ropes & Gray to Daniel Steiner, Harvard University regarding licensing of student drivers for Harvard-Radcliffe shuttle service. October 4, 1974

Roger Moore, Attorney, Ropes & Gray to Thomas Vacha, Department of Buildings and Grounds, Harvard University regarding licensing of shuttle drivers. May 25, 1974

Draft: Peter Ashton (on behalf of St. Joe Lead Company) to the President and Fellows of Harvard College regarding proposed donation of five trams and three trailers to the Arboretum. February 4, 1980

Peter Ashton to Richard Jordan, Vice President, Labs, St. Joe Lead Company regarding draft letter to the President and Fellows of Harvard College. February 4, 1980

D. Broward Craig, President, St. Joe Minerals Corporation to The President and Fellows of Harvard College regarding proposed donation of five trams and three trailers to the Arboretum. February 13, 1980

Peter Ashton to Toni Underwood, FTM [Future Transportation Models] of St. Louis, Inc. regarding Arboretum images for FTM publicity. February 25, 1980

President and Fellows of Harvard College to St. Joe Minerals Corporation thanking them for their “generous gift” of five trams and three trailers. March 3, 1980

James Floodman, Jr., City Bank to Peter Ashton acknowledging receipt of $27,500 “for payment of five electric trams and three trailers.” March 31, 1980

Cost estimate for installation of ten 120 volt circuits for battery charging. H.F. Mayer Electrical Company. April 2, 1980

Orville [Brotherton, Future Transportation Models of St. Louis, Inc.] to Peter Ashton regarding tram implementation plan. April 2, 1980

“Tram Implementation 10 Week Program Projection.” Future Transportation Models of St. Louis, Inc. [circa April, 1980]

Peter Ashton to Orville Brotherton, Future Transportation Models of St. Louis, Inc. regarding tram implementation plan and projected costs. April 4, 1980

Orville Brotherton, Future Transportation Models of St. Louis, Inc. to Peter Ashton regarding tram implementation plan and projected costs. April 7, 1980

Joni Underwood, Future Transportation Models of St. Louis, Inc. to Peter Ashton recommending parts suppliers and service providers for trams. April 8, 1980

James Floodman, Jr., City Bank to Peter Ashton enclosing a “Manufacturer’s Statement of Origin to an Electric Vehicle” for each of the five trams and three trailers. April 16, 1980

(8) “Manufacturer’s Statement of Origin to an Electric Vehicle.” August, 1976

● “Tram Implementation Agreement” between the Arboretum and St. Joe Lead Company. Future Transportation Models of St. Louis, Inc. [circa April, 1980]
  • Invoices for consulting fees. Future Transportation Models of St. Louis, Inc. April 22, 1980 and May 1, 1980

● Shipping notice for tram. Missouri Pacific Railroad Company. May 9, 1980

Folder 2: Lifecycle of the Trams at the Arnold Arboretum

● Press release about the planned premiere of the trams during Lilac Sunday (May 18). [circa May, 1980]

7) There are functional problems with all of the trams. One lost power, one lost brakes etc. in the time period.
8) Need to assess actual costs. Soon + realistically.

● Wendy Marks to Peter Ashton regarding her “initial impressions” of the trams after their first day of operation. Notes functional problems with all of the trams on their first day, including loss of brakes and loss of power. May 18, 1980

● Draft transcript of narrative for recorded tram tours. Gary Koller. [circa May, 1980]

● Draft transcript of narrative for recorded tram tours, with revisions. Gary Koller. [circa May, 1980]

● Orville Brotherton, Future Transportation Models of St. Louis, Inc. to Peter Ashton regarding labor cost for Dee Yarnall, Mechanic. May 23, 1980

8 Wendy Marks to Peter Ashton regarding her “initial impressions” of the trams after their first day of operation. Notes functional problems with all of the trams on their first day, including loss of brakes and loss of power. May 18, 1980
• Invoice for labor (tram repair). Dee Yarnall, Mechanic. May 18, 1980
• Tram Operation Report. Frank Povilaitis. June 1, 1980
• List of duties related to tram maintenance. Frank Povilaitis. [circa May, 1980]
• Joni Barron Underwood, Future Transportation Models of St. Louis, Inc. to Pat Willoughby, Superintendent of Grounds recommending parts suppliers for trams. June 4, 1980
• Joni Barron Underwood, Future Transportation Models of St. Louis, Inc. to Wendy Marks regarding promotional materials and significance of the trams as “the first privately run electric shuttle system that ran in this nation.” June 3, 1980
• Form letter seeking battery donations for trams. Wendy Marks. June 9, 1980
  • List of 58 corporations to which the above letter was sent.
• Wendy Marks to Annemarie Thomas-Esposito, Manager of Insurance, Harvard University regarding details of tram operation at the Arboretum. June 12, 1980
  • Voucher: “Free ride. Arnold Arboretum electric tram tour.” 1980
• Wendy Marks to Friend [of the Arboretum] announcing implementation of the tram system and enclosing a voucher for a free ride on the tram. June 16, 1980
  • Voucher: “Free ride. Arnold Arboretum electric tram tour.” 1980
• Memo: Wendy Marks to All Staff regarding the progress of the tram system, the recorded tram tour, etc. June, 17, 1980
• C.M. Springer, Executive Director, Westinghouse Electric Fund to Wendy Marks declining to donate batteries. June 19, 1980
• James Sharaf, Office of the General Counsel, Harvard University to Alan Austin, Commissioner, Department of Parks and Recreation regarding operation of motor vehicles within the Arboretum. June 20, 1980
  • James Sharaf, Office of the General Counsel, Harvard University to Alan Austin, Commissioner, Department of Parks and Recreation. Informal letter regarding operation of motor vehicles within the Arboretum and personal matters. June 20, 1980

---

● Annemarie Thomas-Esposito, Manager of Insurance, Harvard University to Wendy Marks regarding insurance for trams, passengers, and pedestrians. June 24, 1980

● Linda E. Howell, Communications Executive, Chloride Incorporated to Wendy Marks declining to donate batteries. June 24, 1980

● John Rowan, President, Energy Development Associates to Wendy Marks, regarding Zinc-Chloride batteries. June 25, 1980

● Wendy Marks to Robert McDonald, President, Bay State Battery thanking him for providing batteries at “a reasonable price.” June 27, 1980

● James Sharaf, Office of the General Counsel, Harvard University to Peter Ashton regarding a letter from the Department of Parks and Recreation. July 10, 1980
  • James Sharaf, Office of the General Counsel, Harvard University to Alan Austin, Department of Parks and Recreation regarding the impact of the tram system on the lease of Arboretum land from the city to Harvard. June 20, 1980

● Paul Bernat, Friend of the Arboretum to Peter Ashton approving of the tram system and enclosing a donation for the Arboretum. July 14, 1980
  • Peter Ashton to Paul Bernat, Friend of the Arboretum thanking him for his donation. July 14, 1980

● Memo: Wendy Marks to All Staff regarding an update to the tram schedule. July 16, 1980

● Joni Underwood, Future Transportation Models of St. Louis, Inc. to Wendy Marks regarding thank you notes for Exide’s battery donation. July 25, 1980

● Wendy Marks to Timothy Anderson, Director, Franklin Park Zoo thanking him for sending the zoo’s mechanic, [Harry] Doxtader, to the Arboretum. Doxtader created a schematic drawing and maintenance schedule for the trams. July 28, 1980
  • Wendy Marks to Harry Doxtader, Mechanic, Franklin Park Zoo thanking him for creating a schematic drawing and maintenance schedule for the trams. July 29, 1980
• "Electric People Movers" schematic drawings and maintenance schedule created on manila folder. Harry Doxtader. July 22, 1980
• Wendy Marks to John Wright, President, St. Joe Lead Company thanking his company for its efforts to acquire batteries for the trams. July 28, 1980
• Wendy Marks to Ray Keirny, Director of Purchasing, Exide thanking him for his company’s donation of 36 batteries. July 29, 1980
  • Wendy Marks to Paul Picone, Purchasing Department, Exide thanking him for his company’s donation of 36 batteries. July 29, 1980
• Wendy Marks to Peter Ashton (cc: James Papargiris, Hank Goodell, and Patrick Willoughby) recognizing the efforts of Papargiris, Goodell, and Willoughby to repair and maintain the trams. July 29, 1980
• Check stub for $12 subscription to Electric Vehicle News. July 29, 1980
• Alfred Connell, Public Relations, Harrison Higgins, Inc. to Wendy Marks enclosing a draft of an article for review about the tram system at the Arboretum for publication by the Lead Industries Association. August 27, 1980
  • Draft: "Lead Battery-Powered Trams Popular at Boston Arboretum."
• Hartley Crowe, Boston Edison Company to Wendy Marks regarding maintenance of the trams and enclosing a schematic diagram for “trouble shooting” the trams. September 9, 1980
  • “Schematic Diagram Empire Model 882 Motor & Control Circuit.” Hartley Crowe. September 2, 1980
• Descriptions of the tram project written by Cora Warren (Arboretum volunteer) and Wendy Marks after the project’s end for the Arboretum Archives. [circa 1980s]

Folder 3: Donation of Trams to the Massachusetts Society for the Prevention of Cruelty to Animals (MSPCA)
• Robert Johnson, Director, Macomber Farm, Massachusetts Society for the Prevention of Cruelty to Animals to Wendy Marks welcoming the possible donation of trams to Macomber Farm. May 19, 1981
• Wendy Marks to Robert Johnson, Director, Macomber Farm regarding details of tram donation. May 24, 1981
• Robert Johnson, Director, Macomber Farm to Wendy Marks regarding details of tram donation. June 25, 1981
• Purchase order for $2,000 donation from Macomber Farm to the Arboretum as compensation for four trams and two trailers. Copy. [circa July, 1981]

Folder 4: Photographs

• Three trams, “Glow Worm”, “Lindell East” a.k.a. “Firefly”, and “Euclid West” at the Missouri Botanical Garden. [circa 1977]. (2) 8x10” black and white photographs.
