Take part in a Tree Mob™ on Thursday, July 19, at 5:30pm to learn about black locust (*Robinia pseudoacacia*) and nitrogen fixation with Arnoldia Editor Nancy Rose. Tree Mobs™ are brief interactions in the landscape and living collection with specialists at the Arnold Arboretum. Join us for some spontaneous learning.

**Learn about future Tree Mobs™:**
- Follow us on Facebook or Twitter
- Scan a QR code (below)
- Mobile Tree Mob™ (http://arboretum.harvard.edu/mobile/treemob.html)

**Link up with a Tree Mob™**

**Locust, Legumes, and Nitrogen Fixation**
Meet with Arnoldia Editor Nancy Rose in the locust collection, to the right of Meadow Road and before the ponds, to learn about *Robinia pseudoacacia*, a member of the pea family.

**Nearest Gates:** Arborway or Forest Hills Gates, park along Arborway; Centre Street Gate, parking is limited
